

# FEWDR 3 DASHBOARD

## WEEK 1

[01 - HTML BASICS](#)[02 - CSS BASICS](#)[HOMework](#)

## Lazy Days

**DUE OCTOBER 17TH BEFORE CLASS**

Deliverables: Complete the Lazy Days site before Tuesday's class. We will go over the submission process together, so no need to submit anything before class.

### 1. Lazy Days (1 - 4 hours)

Your first assignment will be to finish the Lazy Days site we started in class. The goal of this assignment is to get practice writing CSS and HTML outside of class.

#### Technical Requirements:

- ▶ Add HTML elements such as h1, h2, h3, p, ul, li in the HTML file using this image as a guide.
- ▶ Add HTML5 structural elements such as header, footer, main, article, and nav in the HTML file to structure the site.
- ▶ Add images using img tags including unique alt attributes
- ▶ Write all CSS styles in the CSS file
- ▶ Add Google Fonts to the page as specified in the styleguide
- ▶ Add CSS to style the page to make it look like this image

- ▶ Indent nested elements to increase your code's readability

### **Bonus tasks:**

- ▶ Add padding, margins, and borders using this [image](#) as a guide.
- ▶ Make the page look like this [image](#).
- ▶ Create a hover effect for anchors.
- ▶ Google and implement a favicon.

## **2. Final Project Brainstorming (20 mins)**

- ▶ Take a look at the [gallery](#).
- ▶ Jot down 2 - 3 final project ideas

## **3. Required Readings/Videos (90 mins)**

- ▶ Chapters 1 - 3 in [FEWD Readings](#)

## **4. Optional: Readings/Practice(For further enrichment or extra practice with material)**

- ▶ [Dash - Practice](#)

### **Resources:**

- ▶ [HTML5 Element Index](#)
- ▶ [Mac Keyboard Shortcuts](#)
- ▶ [HTML5 Please](#)
- ▶ [CSS Reference](#)
